WATCH PARTY GUIDE

INVITATION GUIDE

Every Sunday in July, the messages will incorporate some of our favourite films as illustrations. Many would be able to hear God's word applied to their lives with a fresh perspective.

- Send e-invites available on vfc.org/movies to friends and family at least one week in advance.
- Organise to watch the service together to lock in their attendance!
- You can register for a Watch Party Pack to be delivered to them from 20th June onwards (limited number of packs).

Connect online over a video call platform to play ice-breakers!

SERVICE (55 MINS)

If you are on a free zoom call, right after the worship segment would be a good time to hop on a new link so the Sermon, Salvation Call and closing are uninterrupted.

HOW TO USE DISCUSSION QUESTIONS

- Every week, we will post 3-4 questions that can be used after the service for discussion.
- The discussion questions are designed to be conversational, but to also draw attention to what was shared in service and encourage a personal response.
- Personal responses include:
 - How does what I've heard today make me feel?
 - What is the change I have experienced today?
 - What will I do differently because of what I have heard?
- You can use the discussion questions to create an opportunity to re-emphasise the need for a personal response to the Gospel shared in the sermon.
