

## HOW TO REACH OUT TO MY UNSAVED FAMILY

The Bible says in Acts 16:31 “Believe in the Lord Jesus and you will be saved, along with everyone in your household”. We believe that God desires for your family to be saved, and that this is the season for family salvation! Reaching out to unsaved family members may sometimes feel awkward or difficult but let us remember we are placed in our families to be a light to them! Here are some practical tips that you can make use of to reach out to your unsaved family.

### 1. OFFER PRAYER IN TIMES OF NEED

One of the best ways to show support to our family members, and point them to God, is through offering prayer in times of need. When we know that a family member is struggling with problems, or even when all is well, we can always offer a prayer of blessing for our family members. Below is a suggested but non-exhaustive list of things that you can pray for your unsaved family member:

- Good physical and emotional health
- Protection and peace
- Financial provision
- Success at job or school
- Unity in the family
- Wisdom to make decisions

### 2. SHARE TESTIMONIES WITH THEM

Share our testimonies with our family members, to encourage them to believe in a loving, faithful God! Be intentional to share them with your family members who are not yet saved, during family time such as dinner conversations, or simply through text messages to encourage them. Below are some suggestions on how you can share testimonies with your family in the best way!

- Identify needs in your life where God came through for you (eg. Job opportunity, financial provision, emotional blessings, healings).
- Write out your testimony so that you will be familiar with it
- Find a opportunity where the time and place is suitable for conversations, and during the conversation let your family know that you are feeling grateful recently because of what has happened in your life
- After sharing what has happened, let your family know that it was God that came through for you and that they too can experience the same thing!

### 3. INVITE THEM TO JOIN YOU FOR SERVICES

We could also reach out to our unsaved family members by inviting them to join us for services every Sunday, where they would be able to hear the Word and encounter God! Here are some simple and effective ways that you can invite your family members:

- You can find [digital invite cards](#) and send them to your loved ones.
- You can book tickets for your family [here](#)
- You can share the [stream](#) with them
