

## **Growth Track**

### Module 4: How Do I Make A Difference

*Student's Notes*

## **Lesson Five - Making a Disciple (Part II)**

### **Annex**

### **Disciplers Briefing Notes**

#### **Introduction**

- As disciples of Christ, we are called to make disciples (Matthew 28:19)!
- In Growth Track, new believers enrol in four modules that take them through the foundations of their newfound faith.
- Personal discipleship is essential in guiding each new believer to process what they learn and to apply it in their lives.

#### **Template Of A Personal Meeting**

- Throughout the new believer's journey, the assigned discipler should be regularly meeting him or her.
- During Growth Track, discussion guides will be provided to help you process what the new believer would have learnt in the module sessions.
  - You should aim to meet the new believer every two weeks and complete the given discussion guides by the end of each module.
  - A discussion guide will be provided for the three months in between module terms as well.
- The goal of the discussion guide is for the discipler to be intentional to mentor the new believer toward personal discipleship goals.
  - Discussion guides will be found on our website for you to download and use ([vfc.org/resources](http://vfc.org/resources)).
  - Student's notes will also be available for your reference.
- Each discussion guide would have:
  - Key Scripture
  - 3-4 Discussion points
- Suggested flow for a personal meeting:
  - 10 min - Catch-up
  - 20 min - Run through discussion guide
  - 5 min - Prayer
