

Cooperation is working together to do more than you can do alone.

Read: Ecclesiastes 4:9

DAY
1

The Wall

Nehemiah and the Israelites worked together to solve a problem that they had. With your family, build a wall with items in your home like bricks, boxes, or pillows! While building the wall, share with each other stories of when you had to work to solve problems either together or on your own.

KNOW that working with others can make big things easier to do.

DAY
2

Coming Together

Cut some strips of paper big enough to be written on. Write down ways that you can work with others to solve some problems you see in your school, home, or neighborhood. Once you have written out your ideas, create a paper chain. This month, take some time to work through your chain and work together to help solve problems.

LOOK for ways you can work with others to solve problems.

DAY
3

Better Together

Ecclesiastes 4:9 talks about helping others. Write or draw something that reminds you of this week's verse and post it somewhere you can see it often. This week, practice this verse to remind yourself that you can always be a helper.

ASK God to help you work with others to solve problems.

DAY
4

In It Together

Find someone who will pray with you. Think about who and what you can talk to God about. Who needs help. . . what do you want to be able to help with. . . what can you do with the time you have? Pray and ask God to help you.

~~~~~  
"Dear God, lead me to help others. Help us to work together and with others this week to solve problems together. Show us what we can do to come together to help. Amen."

~~~~~  
THANK God for putting people in your life you can work together with.

Work together to
solve problems.
