

VFC'S ANTIOCH CALL

WHAT IS THE "ANTIOCH CALL" FOR VFC?

The church in Antioch (Acts 11:19–26; 13:1–3) was a church that did not just gather—it sent people to reach nations. In the same way, God has given VFC and Singapore a calling to be a sending church that raises leaders, releases teams, and multiplies churches.

WHAT ARE GLOBAL HUBS?

Global Hubs are strategically positioned VFC churches around the world that carry VFC's DNA and serve as launchpads for missions and church planting. They are built to last, designed to grow, and created to multiply — extending VFC's impact far beyond Singapore.

WHAT DOES A GLOBAL HUB DO?

Every Hub exists to:

Train Leaders – disciple and develop strong leaders for healthy churches

Resource Churches – provide coaching, teams, and practical ministry support

Plant Churches – pioneer new VFC-type churches in key cities and regions

VFC'S ANTIOCH CALL

WHAT ARE THE 4 PILLARS OF THE GLOBAL HUBS VISION?

Our vision is to Accelerate Transformation and Empower Growth through:

Accelerate - raise leaders, send teams, plant churches faster

Transformation - see lives, communities, and regions changed by the Gospel

Empower - strengthen churches with training, strategy, and resources

Growth - build healthy, sustainable churches that can reproduce

HOW WILL VFC SINGAPORE SUPPORT THE GLOBAL HUBS?

VFC Singapore will seek to establish 12 Global Hubs by:

Sending Church Planting Teams - to expand emerging hub churches and plant into new cities

Equipping Teams - to establish and strengthen key ministries (Youth, Connect Groups, etc.)

Providing Ministry Resources - funding, training, leadership coaching, and structural support
