---

2. When your friends decide to copy each other's answers for their homework

---

---

3. When your parents do not allow you to go out with your friends, even though you really want to

---

---

4. When you are tempted to skip tuition to watch your favourite show

---

---

5. When your friend shouts at you and makes you angry

## WEEK 1

### Prayer & Reflection

#### Part 2:

In order to do the right thing, you must first have the right thoughts.

Let's start by thinking of good words to describe yourself.

Spell your name vertically downwards in the space below. Think of a word or phrase that starts with each letter of your name. Be creative and put these words into practice this week!

Example:

I - I can be a good friend

A - Amazing

N - Nice and kind

When you are done, share with your Small Group what you wrote.

If time permits, you may swap your worksheet with your friends and get them to write nice things about you using the letters in your name, while you write nice things about them using letters in their names!

### SUMMARY

It is easy to say what is the right thing to do. However, it might not be easy when we face these scenarios in real life. Always remember that God's power has given us the ability to do what is right!

### PRAYER

Dear God, thank You for helping us be ready to do the right thing. We know Your Holy Spirit gives us self-control to say and do what is right. We want to honour You with our thoughts, words and actions. In Jesus' name we pray, Amen.
